Skill Level: Intermediate

Finished Quilt: 56¹/₂" x 66¹/₂"

An original design by Jinny Beyer, *English Garden* consists of twenty star blocks set in a four-by-five grid. A stunning secondary design is created by the fabrics used for the block corners (see the four-pointed stars with on-point border print squares as centers).

The block piecing can be accomplished successfully by hand or machine. For quilters who prefer to rotary cut, rotary cutting sizes are included on the templates for which rotary cutting is appropriate.

Because this quilt is rectangular, to ensure perfectly matching motifs in the border corners, the side border print strips are seamed at the center. Jinny's step-by-step instructions for Framing a Rectangular Quilt with a Border Print are included.

*Fabrics 2a & 2b replace Fabric 2 in Quilt 4—Slate.

**Fabric 4 is also the suggested backing fabric. You will need an additional 3³/₄ yards of 40"-wide fabric for backing this quilt (2 panels pieced widthwise).

***Fabric 5 is also used for the middle border. Cut the middle border strips **before** cutting F and FR from this fabric.
