

Constructing Block

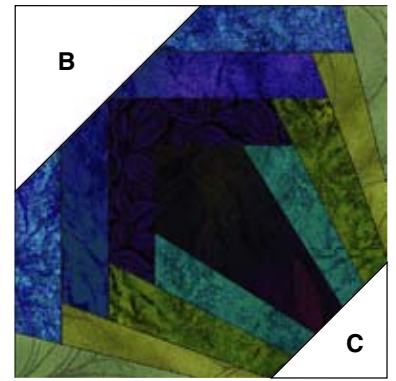

Place fabrics and sew on the front side of the paper piecing pattern.

- Using a glue stick or pin, glue or pin a Template A of Fabric 1, right side up, on Position 1 of the paper piecing pattern. Place a 1 1/2" x 4" rectangle of Fabric 2, right sides together, on top of Fabric 1. Place the edge of the Fabric 2 rectangle against the black line between Position 1 and 2. Sew 1/4" from the line. Press the rectangle back to cover Position 2. Trim even with the black line.

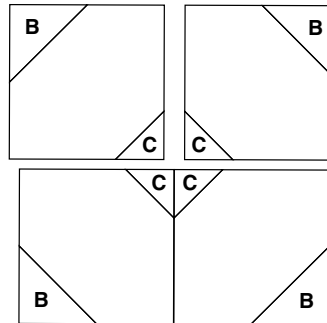

- Using the color illustration for fabric color, continue to sew, press, and trim in the sequence listed on the paper piecing pattern. When the paper pieced section is completed, trim the section even with the outer edge of the black line. Make 80.

- To each of the 80 completed paper pieced sections, sew a Template B to the top left corner and a Template C to the bottom right corner. Remove paper.

- Sew 4 sections together as illustrated to make a block.

Quilt Assembly

Using color photo, layout blocks to construct the quilt body. There will be 5 rows of 4 blocks each.
