

Sew **Strip 2** to **Strip 1**, as illustrated. Press seam towards **Strip 2**.

Sew the last **Split Triangle #2** to **Strip 2**, as illustrated. Press seam towards the triangle. Set aside.

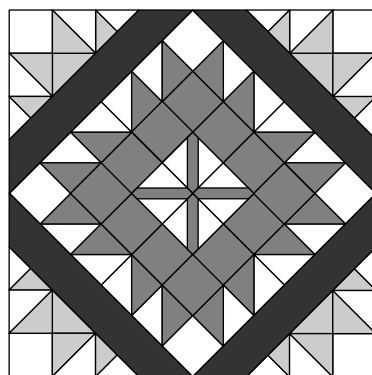

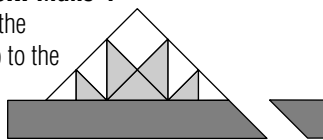

From Fabric #4:

Cut (4) 3 1/8" x 20" strips.

Expanding A Triangle Leaf Block: Make 4

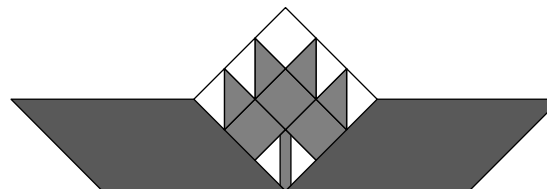

Fold a **Fabric #4** strip, end to end, to find the center. Match and pin the center of the strip to the center of the bottom of a triangle leaf block. Sew together as illustrated, being careful not to stretch the leaf block. Press seam toward **Fabric #4**. Using a large square ruler, place a corner into the upper corner of the leaf block and trim off the excess **Fabric #4** fabric, on both ends, to make an expanded triangle leaf block.

Sew an expanded triangle leaf block to each side of your center medallion, as illustrated. Press seams toward **Fabric #4**.

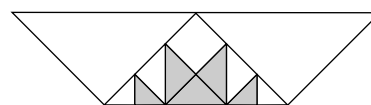

Side Panels: Make 4

Using a matching pair of **Fabric #5** panels and a leaf block, sew a side panel to each side of the leaf block, as illustrated. **Do not** sew off the side of the leaf block, but stop at the 1/4" seam line and back stitch. This will make it easier to insert the next step of upper panels.

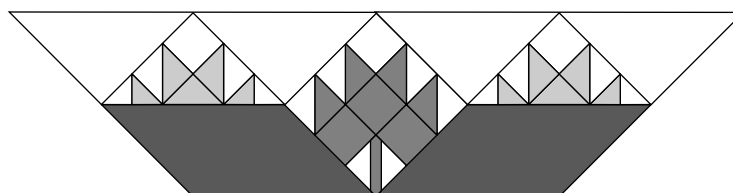

Upper Panels: Make 8

Using a leaf triangle block and 2 **Fabric #2** triangles, sew one triangle to each side of triangle leaf block, as illustrated. Press seams toward **Fabric #2** triangles.

Sew 2 upper panels in place on a side panel, as illustrated. Press seams as desired. Complete all 4 side panels.

From Fabric #5:

(**Note:** Adjust your fabric so that the plaids match. Do not worry about the grain of the fabric.) Square a cut edge with the new fold. Cut (4) 6 7/8" strips across wof.

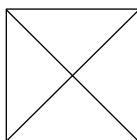

From one of these folded strips (**Do Not open up the strip**), cut a pair of matching mirror image panels. Cut off the selvage, squared with the cut edge of the strip. Measuring 20 3/8" along the strip, cut the square with the cut edge again. Trim excess fabric. Do not move your panels at this time.

Using the 45 degree line on your ruler, place it along the top edge of the strip at the corner point, and trim excess fabric, as illustrated. Turn the panels around and repeat with the other end of the strip. When the two panel pieces are separated, they will be mirror images of one another. Set aside, keeping them together in pairs. Repeat with the other 3 cut strips.

From Fabric #2:

Cut (4) 14" x 14" squares, then cut squares diagonally twice, as illustrated, to make (4) triangles each. You will have (16) triangles from the (4) squares. Set aside.

Sew a side panel to each side of your center medallion, as illustrated. Press the seams toward the side panels. Sew the mitered corners together. Press seams open.
